BOLTING INDUSTRY
IN SAFETY

RAD SAFETY ACCESSORIES

Ergonomics and safety are very important during the design phase of any new RAD tool. In addition to making the job more ergonomic and safe, we want our tools to be easy to use, powerful, accurate and very reliable. RAD believes safety features should not impede workplace efficiency and speed, but should make workers aware of the risks involved in working with powerful tools. RAD has developed a range of ergonomic and safety enhancing features.

Ergonomic features:

- RAD's patented planetary gear reduction drive system delivers 88 times less vibration than impact wrenches.
- No risk of HAVS injuries (Hand-Arm-Vibration-Syndrome). Lower risk than impact wrenches.
- Pistol grip trigger/control reduces operator error.
- RAD's low profile reaction arm eliminates all operational load on the operator.

Hand Guards

Trigger Guard

Reaction Arms

RAD REACTION ARMS

Each RAD tool includes a standard reaction arm. In addition to this, you can order the below special reaction arms to ensure correct reaction for different applications. Please consult our website for dimensions and part numbers.

Standard Reaction Arm

Deep Socket Reaction Arm

Double Ended Reaction Arm

REGULATOR & TOOL HOLDER

Carrying your RAD pneumatic tool around from job to job?
Introducing the new tool holder.

We decided to continue our quest for improved ergonomics by not only engineering the world's lightest pneumatic torque wrenches with the highest power-to-weight ratio in the industry, but also by developing the industry's most ergonomic tool holder.

- Offset handle allows for balanced carrying when the tool is stored in the storage pocket.
- Accessory pocket (6" x 6") allows for quick and easy access to additional accessories such as custom reaction arms, snap rings and sockets.
- High-density polypropylene construction means the tool holder will stand up to the most demanding conditions while remaining lightweight for easy portability.
- Lightweight - only 4 lbs.
- Torque chart holder for quick reference
- Comes complete with FRL and house assembly

RAD NOSE EXTENSIONS

Available for most RAD models. Please
contact us for custom inquiries.
